Professional Summary

I am an energetic and imaginative young web developer who is able to work alongside other talented IT professionals in creating websites to the very highest of standards. I have a keen awareness of industry standards and trends, particularly in regard to accessibility, usability, and emerging technologies. I am the ambitious type who wants to get noticed and has the drive and massive energy needed to really make a difference with a project.

Right now I am looking for an entry level position with an exciting company that wants to attract talented people.

Skills:

- Ability to work in a fast paced environment
