Philadelphia, PA 19126   https://discoverharrisonjones.com/   harrisonjones5678@gmail.com

Professional Summary

Beneficial and resourceful in my area of study independently. Strong self-motivator with a positive attitude, strong methodical skills, and excellent problem solving skills. Punctual in aspects of language, writing, and typing. A learner with an ambition to obtain new skills and discover new and informational things. I encompass the will to succeed at any task; energetic and imaginative web developer looking to work alongside other talented IT professionals in creating WebPages to the highest of standards. I possess great listening skills and I comprehend quickly. I am a very personable young man who would love to have the opportunity to secure an entry level position with your company in which I can elevate and be successful. I am also a very well rounded young man looking for an opportunity to become a participating member of society and earn a living for myself.
